

REMARKS

By this amendment, claim 51 has been amended solely for informality correction and no claims have been added or cancelled. Entry of this Amendment is respectfully requested because the Amendment embodies merely correction of formal matters in the specification for proper disclosure of the invention without necessitating a substantial amount of additional work on the part of the Patent Office.

If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned representative at the number provided.

Prompt and favorable consideration of this Amendment is respectfully requested.

Respectfully Submitted,
